Pune: The 11th edition of IEEE INDICON 2014, an annual conference, will be held at Yashada from December 11 to 13. Sakal Times is the media partner for this event.

INDICON is an idea conceptualised by IEEE India Council in the field of Computer Science and Engineering, Electrical Engineering, Electronics and Communication Engineering, and will be organized by the IEEE Pune Section.

Rajesh Ingle, chair, IEEE Pune Section and Rajat Moona, Director General, C-DAC, will be the general chairs for the conference.

BJ Doke, Immediate Past Chair, IEEE Pune Section, FIE, EL, Chairman and Prof GS Mani, Vice-Chair, IEEE Pune Section, former Director and Dean, IAT (DRDO) will also be the organising chairs for this conference.

A total of over 1,600 research papers were submitted and over 300 research papers selected for seven separate technical tracks of this conference.

The conference will fo-

IEEE INDICON 2014

Emerging trends and innovation in Technology

11th-13th December 2014, Yashada, Pune, India

THE SPEAKERS

Eminent scientists and researchers who will address the conference:

- J Roberto de Marca, IEEE President and CEO
- VK Saraswat, Former Secretary, Department of Defence R&D, Scientific Adviser to Raksha Mantri & Director General of DRDO & ADA
- Rajkumar Buyya, Director, Cloud Computing and Distributed Systems (Clouds) Laboratory at University of Melbourne, Australia
- Vijay Bhatkar, Founder Executive Director of C-DAC, Chancellor of India International Multiversity, Chairman of ETH Research Lab, Chief Mentor of I2IT, and National President of Vijnan Bharati
- Suraj Kothari, Iowa State University, USA.
- Vidyasagar Potdar, Curtin University, Australia.
- Martin Casado, Chief Technology Officer, VMware.
- Thomas M Conte, 2015 IEEE Computer Society President

cus on seven tracks such as Big Data and Data Mining, Cloud and Ubiquitous Computing, Emerging Trends in Engineering, High Performance Computing, Information and Network Security.

INDICON has invited industry professionals, academicians, researchers and postgraduate engineering

students to attend this conference.

C-DAC, YOB, Ensoft, Contact Singapore, National Instruments, THE-TA, PICT, CSI, and Sinhgad Institutes are also supporters and partners for the conference. For details, please visit www.indicon2014.in.
